Delivery will commence by June 1, 1958.

Although Task Order N, under which this project falls, specifies that no single project under this Task Order can exceed \$2,000, it is our understanding that prior arrangements have been made with the Contracting Officer to exceed this amount in accordance with our estimated total as given above.

It will be appreciated if you will send us a confirming authorization in accordance with all of the foregoing at your earliest convenience so that our records may be kept in order and so that the auditors will pass our invoices for payment.

Very truly yours,

25X1
